

IN BRIEF...

Volunteers needed for new Vision Care clinic

Newly registered charity Vision Care is opening a second clinic in Victoria, London, this month.

Vision Care, a charity that offers free sight tests and spectacles to the homeless, urgently require volunteer optometrists, dispensing staff and optical assistants for when the clinic opens on April 13. It would also welcome donations of spare equipment. The fortnightly clinic, based at Passage homeless centre, will open every other Friday from 10am-5pm. Founder, Harinder Paul, and his board of trustees will visit the House of Lords in July in an attempt to raise funds from leading optical bodies so the charity can continue to expand. If you are interested in volunteering contact Harinder Paul on 077792960416 or email him at viscare@hotmail.com.
